Data Collection Plan & Raw Data Sources Identification Template

Elevate your data strategy with the Data Collection plan and the Raw Data Sources report, ensuring meticulous data curation and integrity for informed decision-making in every analysis and decision-making endeavor.

Data Collection Plan Template

Section	Description
Project Overview	The project analyzes 50,000 food-order records to identify food ordering behaviour and consumer trends using Tableau visualizations.
Data Collection Plan	Use the food-order dataset provided for the course/project. Review the available fields, validate the data and use the prepared dataset as the primary source for Tableau analysis.
Raw Data Sources Identified	One primary source is used: the course-provided Food Ordering Dataset containing the order records and fields required for the dashboard.
